

Achieve and Excel: The Student Success App

Tatjana Sokolova, Jurijs Konako un Roberts Golubevs

Introduction

- Welcome to the presentation on our innovative student success app!
- In this presentation, we will introduce you to our app designed to encourage and reward students for their academic achievements.

Introducing «Balles par ballēm»

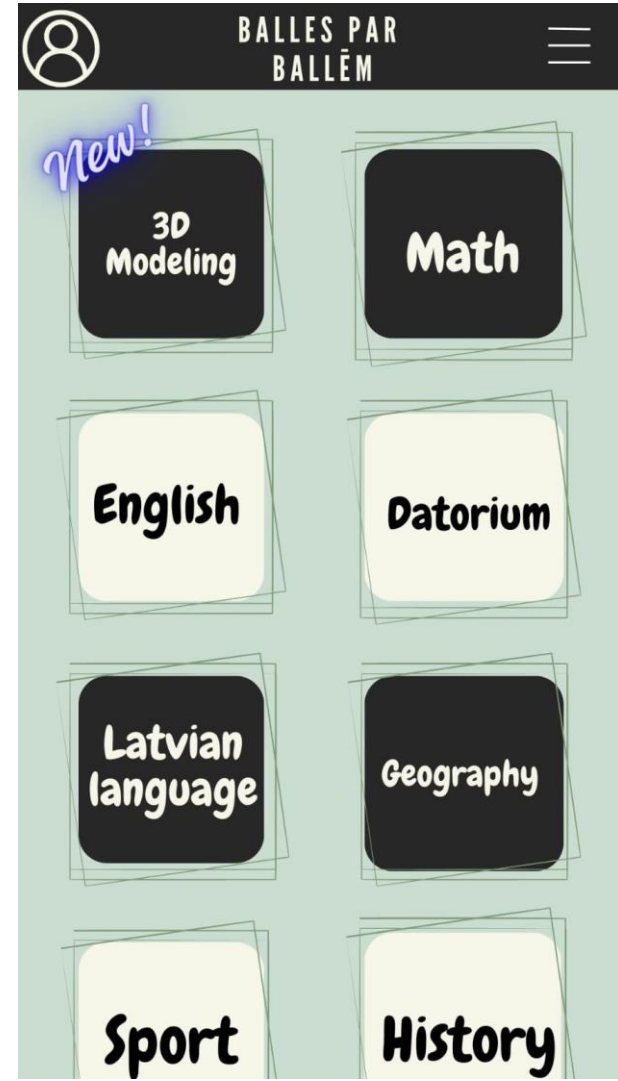

- Our app, " Balles par ballēm " is here to transform your student experience.
- It's designed to help you excel academically and stay motivated throughout your educational journey.

How " Balles par ballēm " Works

- " Balles par ballēm " rewards you with points for various academic achievements.
- These points can be redeemed for exciting rewards, creating a motivating and enjoyable learning experience.

Canva

- This is our canva work, this is our app in which grades and certain school subjects appear
