Action Plan (2021-2027) of the European Commission

THE PROBLEMS

THE INEFFICIENCY OF PUBLIC TRANSPORT

DELAYS

CANCELLATION AT LAST MINUTE

STRIKES

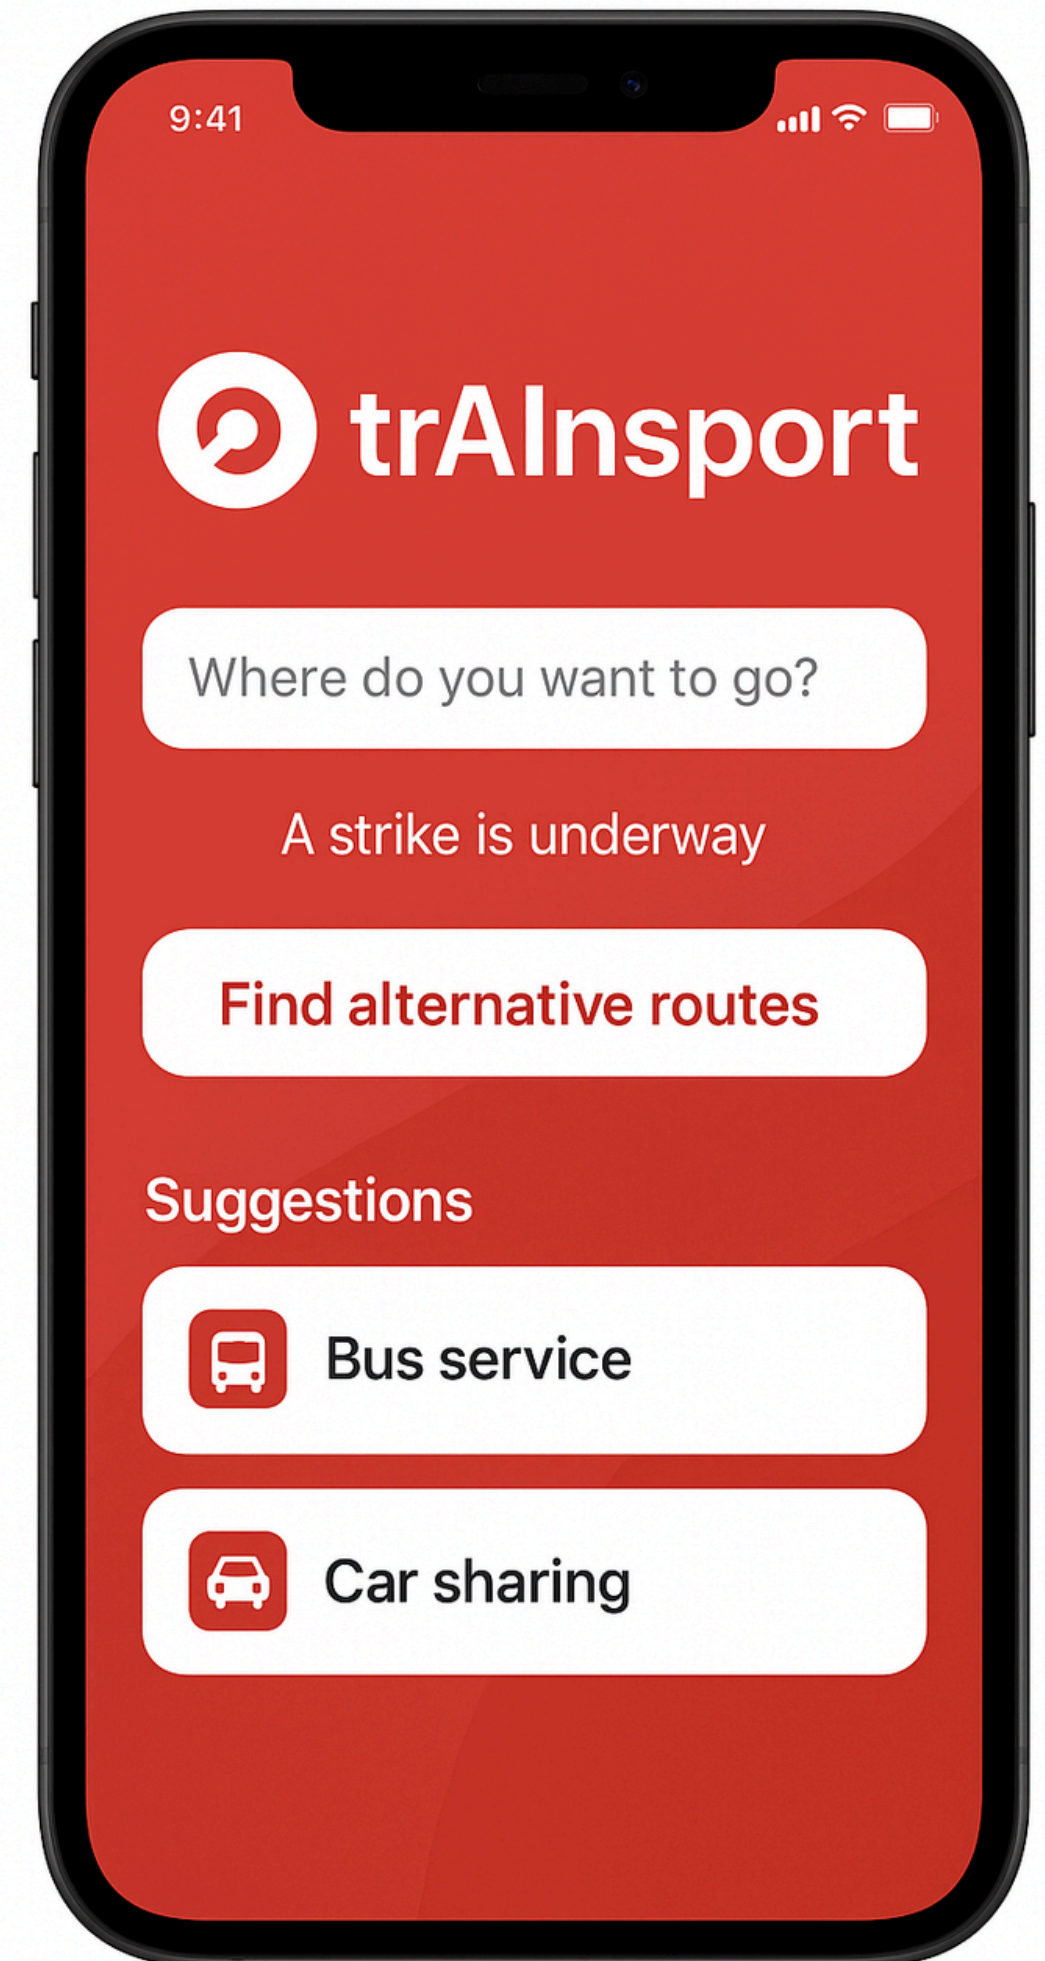

Getting
around
easily

How It Works?

Our app's aim is to help students navigate the world with ease, it will have two main functions:

- **PUBLIC TRANSPORTS**
 - **CAR SHARING**
- It will use the tools of:
- **GEOLOCATION**
 - **ANALISYS OF PARAMETERS**

IMPACTS

Industries We Serve

All of us, around the whole globe, have an hard time with busses delays and cancellations but, in order to quickly re-organise we have conceptualized an app that is **MADE BY STUDENTS FOR STUDENTS**.

This is what diferenciates us from our competitors.

However this benefits us all, and that's why we can expect founding from:

01

**Governamental
foundings**

02

**Public transport
companies**

03

Big companies
