

# TACTILE BILLBOARD

A project created by: Aprile Giulia, Danieli Arianna, Giovinazzo Beatrice,  
Nuzzaci Arianna and Sciannimanico Virginia

# WHAT'S THE PROBLEM?

differences that create disabilities  
and we try to mitigate them

# OUR PROJECT: **THE SOLUTION**

Tactile billboard for blind people in order to help understand the structure of DNA and the diversity in human phenotypes around the world. It also aims for inclusivity.
