

# DEEP CODE

TRACKING POLLUTION

Reducing Pollution  
With AI technology

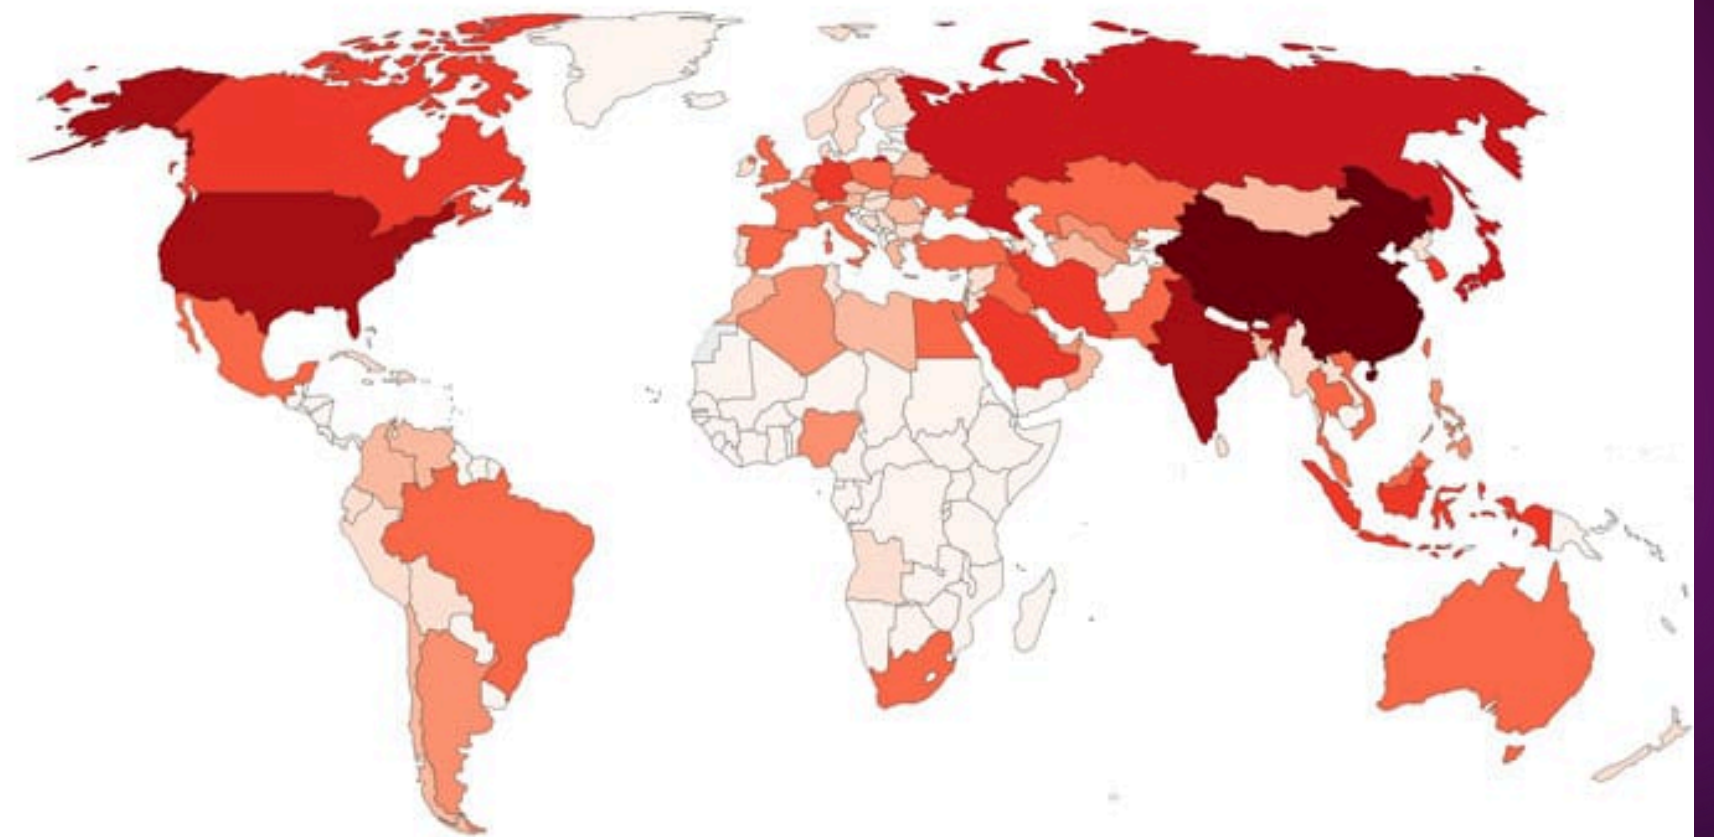

---

# What is the Problem?

Pollution and rising temperatures. This creates risks for people's health.

## Annual CO<sub>2</sub> emissions, 2020

Carbon dioxide (CO<sub>2</sub>) emissions from the burning of fossil fuels for energy and cement production. Land use change is not included.

---

**WHAT SHOULD WE  
DO?**

**WHAT ARE THE  
DAMAGES?**

**HOW CAN WE  
REDUCE THE  
POLLUTIONS?**

**HOW CAN WE  
SAFEGUARD THE  
ENVIRONMENT?**

---

# OUR SOLUTIONS

**01**

Recycle

**02**

No pastics

**03**

Rinnovable  
energy

**04**

Second-  
hand

**05**

No waste  
water

**06**

More trees

---

---

# **IMPACT AND OUR TARGET**

We want to reduce waste  
and climate temperature.

---

# **INNOVATION AND TRANSFERABILITY**

Original  
and transferible
