

INNOEDUHACK 2025

 **It's November 14th, 9:00 AM CET.**

You now have 24 hours to develop your solution for the future of education.
You can work **individually** or in teams of **up to 5 people**.

- 👉 Each team member must register separately - [LINK](#)
- 👉 Only one person per team needs to upload the final project.
- 💡 15 prizes of **300 EUR** each will be awarded **per project**, not per person.
- 🕒 Deadline: **November 15th, 9:00 AM CET.**

Please submit a one-page solution (this page + one page for your solution).

TEAM INFORMATION:

Team name: matchED

| NO. | NAME & SURNAME | UNIVERSITY |
|-----|--|--|
| | | If ALK student, include the year of studies, the name of the program and Student ID Number |
| 1 | Katsiaryna Lagutkowa  | 2 nd year AI & Management 52588 |
| 2 | Karolina Radziejewska | 2 nd year AI & Management 52545 |
| 3 | Maria Lizończyk | 2 nd year AI & Management 52561 |
| 4 | Jan Chorzępa | 2 nd year AI & Management 52671 |
| 5 | Jakub Jóźwiak | 2 nd year AI & Management 52568 |

!! Meta-Category is: **Digital Transformation & AI** – all ideas should address changes driven by digitalisation and new technologies, especially AI.

Select Your Category (choose one):

- ☐ Assessment & Grading – new models for evaluating student performance
- ☐ Teacher Support – tools helping educators deliver engaging classes
- ☐ Student Support – solutions that improve the learning experience

Recommended Solution Template:

- 1. Problem Statement:** One-sentence definition of the problem (the essence).
- 2. AS IS:** Current Situation: Describe the context with data and pain points. Why is solving this problem essential?
- 3. Game Plan:** Your Solution: How do you get there? What's your approach or process?
- 4. Technology (optional):** You don't need to code it! But a mockup or simple sketch of functionalities increases your chances.
- 5. Vision of Success:** How will the user experience change? How will you measure success (KPIs, outcomes)?

Evaluation Criteria

- ✅ Creativity – originality and novelty of the idea
- ✅ Feasibility – practicality and potential for implementation

I don't know what to do anymore.
Studying alone is draining me. How
do you make it not feel so... **isolating**?

With **matchED**, I just found someone
with complementary skills, and we
learn together!

matchED

Find your perfect learning match

Current situation

We live in the most connected era, yet students feel more **isolated** than ever. Many **study alone**, lose motivation, and can't find peers who match their style. **MatchED** uses AI not to **replace connection**, but to help students find each other, **learn together**, and feel supported.

Active Minds (2024)

matchED in 5 steps

- **Create your profile** and take a quick AI quiz to define your learning style.
- **Get paired** with people who fit your goals and learning preferences.
- **Learn together:** in pairs, in groups, through SpeedLearning, or via EduTok.
- **Gain points** for learning, challenges, activity, and content.
- **Use your points**, climb rankings, unlock features, and support scholarship or Erasmus application.

Try it out

MatchED gives students back what technology quietly took away – **real connection**, real support, and the feeling of not having to learn alone.
