## 01 A better question

How might we help students to receive a proper health assistance for a temporary condition and recognition of thier status in order to deal with university activities given time and trust issues?

# Doctor awareness Listened

## Only high temperature and broken bones?

## But there is more!

- Period
- Headache
- Temporary conditions
- Stress

THEY COUNT!!!!

Increasing awareness on this with seminars and conferences!

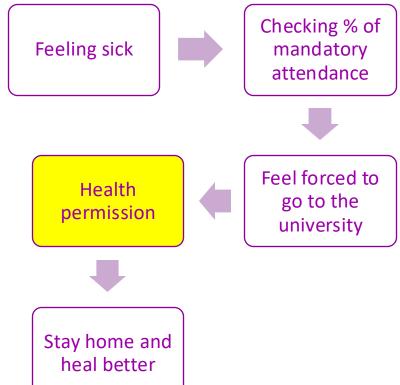

For someone, going to lecture or to an exam in such conditions can be tought!

# Cycle The path of need

## A change of direction

## **Conclusions**

## **Motivations for volunteering student counselors:**

- Internship opportunity
- Gain university credits (ECTS)
- Hand-on experience in a controlled environment
- Collaborations with faculty professors

## Motivations for students in general:

- Personalized experience
- More trusting of their peers
- Faster access to medical or psychological care
- Detection of previously unknown patterns on their health
- Increasing accessibility for working students
