Participant: Josh de Fleuriot

Team Name: e+STEAM.AI Team JJJ&S
- Josh de Fleuriot (Team Leader)
- Jack Wiehe
- Mansi Sonam, Bahadoor
- Jamie Bechard

Description of Solution

Embark on a captivating coding adventure with the New CoderZ Adventure with LEGO Education Spike Prime. Unleash your creativity as you design, build, and program your very own robot, navigating through exciting virtual worlds and mastering the fundamentals of coding along the way. This immersive STEM learning experience equips you with essential skills for the future, fostering problem-solving, critical thinking, and collaboration.

Joshua (19 years old, Team Leader)

- **Engagement**: Joshua exhibits a strategic approach, with a broader engagement across the spectrum of tasks.
- **Leadership**: As a team leader, his scattered pattern of completed tasks may indicate his role in overseeing and possibly mentoring the younger participants.
- **Observations**: Joshua's focus on "Adventure Peak Quiz" and "Reflection Questions" suggests he is ensuring a deep understanding of concepts, which is crucial in a leadership role.
