DigiEduHack Global awards

DigiEduHack celebrates innovative solutions that contribute to the future of digital education.

To support winning teams in developing their ideas beyond the hackathon, DigiEduHack offers a set of prizes designed to:

- support the development of their solutions
- provide access to useful tools and expert guidance
- create opportunities for learning and exploration

All Global Winners, whether competing in the Beginner or Experienced category, have access to the same set of prizes, allowing them to choose the option that best supports the next step of their journey.

List of Prizes

DIGI EDU HACK 2025

Expert mentoring to develop your solution
Up to 4 hours of 1-to-1 personalised mentoring with CARSA's innovation and business development experts to help teams refine their solution, explore opportunities, and define next steps.

One year premium software license
The winning team can choose a one-year premium subscription to a software of their choice from options such as Adobe Creative Cloud, GitHub Pro, Unity Pro, JetBrains IDE, ChatGPT, and more.

Tailored Certifying Course on Udemy
Winners will gain access to a customised certifying course on the Udemy platform, designed to support the specific skill development needs of the individual or team.

Interrail pass for 5 travel days
The winning team will have the opportunity to claim a prize of an Interrail pass, offering 5 travel days for up to 7 individuals.

Additional Perks

DIGI EDU HACK 2025

Global winners in all categories will:

Have the opportunity to attend the Awarding Ceremony in Brussels, with travel & accommodation expenses covered, where they will receive their certificate.

Receive an exclusive DigiEduHack goodie.
