# DigiEduHack Global awards

**Beginner**

**Experienced**

 **Beginner Award: Social Impact**

 **Experienced Award: Social Impact**

 **Beginner Award: Disruptive technology**

 **Experienced Award: Disruptive technology**

## Beginners Awards

The "Beginners" Awards category is specifically tailored to acknowledge the solutions proposed by teams that recently started their journey in the digital education field, that have little or no previous experience in hackathons, or bring a promising solution in an early stage of maturity.

## Beginners Awards

### ONE OF THE FOLLOWING:

#### Four 1 to 2-hour interactive webinars

We offer to provide four 1 to 2-hour interactive webinars (delivered online via WebEx) for those Global Winners that choose this award.

#### One year premium software license

The winning team can choose a one-year premium subscription to software of their choice from options such as Adobe Creative Cloud, GitHub Pro, Unity Pro, JetBrains IDE, ChatGPT, and more.

#### Tailored Certifying Course on Udemy.

Winners will gain access to a customised certifying course on the Udemy platform, designed to support the specific skill development needs of the individual or team.

#### Interrail pass for 5 travel days

The winning team will have the opportunity to claim a prize of an Interrail pass, offering 5 travel days for up to 4 individuals.

## Experienced Awards

The “Experienced” Awards category is tailored to solutions with a higher degree of maturity, proposed by teams that demonstrate notable expertise in their fields (years of experience, remarkable achievements, etc.) and/or experience in participating in hackathons.

## Experienced Awards

### ONE OF THE FOLLOWING:

#### Up to 4 hours of 1-to-1 business coaching/mentoring

Up to 4 hours of 1-to-1 business coaching/mentoring (delivered online via WebEx) will be provided by CARSA's innovation & business management consultants to the Global Winners that choose this service.

#### One year premium software license

The winning team can choose a one-year premium subscription to software of their choice from options such as Adobe Creative Cloud, GitHub Pro, Unity Pro, JetBrains IDE, ChatGPT, and more.

#### Attendance of an event related to digital education

The winning team will have the opportunity to attend an event taking place in the winners' country of residence or in its immediate geographical proximity, focused on digital education, with all associated costs fully covered.

#### Interrail pass for 5 travel days

The winning team will have the opportunity to claim a prize of an Interrail pass, offering 5 travel days for up to 4 individuals.

## Extra Awards

In addition to the global award, winners in all categories will:

- Automatically become "DigiEduHack Global Ambassadors" for a one-year term.
- Have the opportunity to attend the Award Ceremony, with travel expenses covered, where they will receive their certificate.
- Receive an exclusive DigiEduHack hoodie..
