## Solution Details

### Solution description

- Create1 is an online platform that offers free, quick, downloadable video classes, articles, and tools that can be accessed online or by any cell phone. Create1 is the first platform with content designed directly for low-income graduates. Create1's free online learning tool empowers both graduates and graduands- turning them into micro-entrepreneurs with the

knowledge and skills needed to create their businesses while connecting other to potential job openings.

## **Solution context**

A free, mobile-friendly online platform that turns graduates and non-graduates into microentrepreneurs - helping them to develop their business.

We are solving [unavailability of enough jobs in the market] by providing a [digital mobile system] that mentors, and facilitates users into creating their own Jobs, as well as connect Job seekers with potential

## **Solution target group**

Graduates, and Non graduates, including low-income entrepreneurs

## **Solution impact**

Impact is based on how many people have actually been able to create their own jobs, as well as those who have been skilled and connected to available job opportunities.

## **Solution tweet text**

Create1 seeks to unearth the natural talents and abilities aided by a set of relevant skills to cab unemployment in our communities

## **Solution innovativeness**

We ain't about promoting laziness and incorruptible minds that are only trained to seek for jobs, are innovative because we unearth each individual's skills and potential to create a job. We also blend our access system which can be accessed both with and/or without Internet data.

## **Solution transferability**

Yes, all parts of the solution.

## **Solution sustainability**

Subscriptions and grants.

## **Solution team work**

We are all in one way or the other affected by unemployment and therefore we all come with a common goal with all our expertize to change the terrain and create a new mind of innovators ready to build Africa through Job creation and not job seeking.
